## Hears Bob Vogel's Convention Plans; Loftus, Hutchison Present Measures

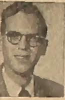
Recommendations and final reports were heard as Student Senate closed the books for the year last Monday.

Bob Vogel, junior senator, introduced a lengthy proposal advocating a convention system for nomination of Student Body presidential and vice presidential candidates.

Included in the same resolution was a plan for Student Body conventions, which, according to Vogel, would stimulate student interest in campus government.

Retiring president Tom Loftus offered 10 recommendations, including a complete reorganization of Senate committees, student representation on the faculty curriculum committee and a popular concert by a "name" band.

Vice president Deane Hutchison proposed seven measures, which included safer campus driving and a college community chest.



Loftus

Hutchison

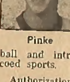
Gary Volberding, sophomore, reported an approximate profit of one hundred forty dollars on the Swing Show. A vote of thanks was given him for his job as director.

**Roever Sole Applicant**

Jim Roever, sophomore, was sole applicant for next year's Swing Show directorship.

Soph senator Bob Wessels reported that a recent convo poll revealed students would not support the proposed honor system. Seniors were the only members that voiced support. All underclassmen voted a resounding "No" by a more than two-to-one vote.

Vic Pinke, intramural chairman, reported that over four hundred fifty students had participated in this program. Recommended by Pinke were: a paid director for intramurals, compensation for referees, continuation of coeducational volleyball and introduction of more coed sports.



Pinke

Authorization was given to the Student Union committee to purchase equipment for the union as approved by the Senate.

**System Draws Interest**

In backing a convention system, Vogel stated that such a plan would arouse greater student interest in elections. Such things as fewer candidates, separate candidates for each office and terms of candidates were cited.

Student Body conventions would include committee reports and deciding of major issues, also acting as an educational medium for students.

All recommendations were accepted and passed on to next year's Senate.

## Student Memorial Union Nearing Completion; Engelbrecht, Stu-U Council Eye Furnishings

With construction of the Student Memorial Union nearing completion, furnishing of the building is being given active consideration, according to Herb Engelbrecht, assistant to the president.

In the past few weeks much of the inside work has been completed, and all that remains to be done is interior decorating, installation of a few windows and final plastering.

**Council, Norheim Active**

Student Union Council and Union Director Ray Norheim have been active in securing equipment for the recreation room. The Council is also in the process of selecting furnishings for the lounge.

Engelbrecht

Actual date for the moving of cafeteria and Den equipment has not been set. Occupancy of the union should begin shortly after its expected completion, sometime in June. Engelbrecht said no specific order for moving has been established.

**Cites Possible Plan**

He went on to say that a possible moving system might be the serving of meals to summer school students in the Den, while cafeteria equipment is moved to the union. When this move is completed, meals will be served in the new cafeteria, and the Den equipment will be moved to the new structure.

After the cafeteria is removed from North Hall, the lower floor will be remodeled into living quarters for men. The west end of the first floor will become a lounge for the North Hall residents, while the remainder of the floor will be divided into 11 two-man rooms.

A member of the U. S. Davis Cup team in '53 and '54, he also took the Canadian singles championship in '54.

**To Spare With Melchert**

Bartzen will close the clinic with an exhibition match against Norm Melchert, former West Waterloo High star and No. 1 man on the Wartburg racquet squad.

Any visiting tennis player desiring to participate is requested to bring a racquet and one ball.

Sponsored by Alpha Phi Gamma, honorary journalism fraternity, the formal affair will be climaxed by presentation of publications awards by Miss Margaret Wolff, Journalism Department head.

## Swensen Predicts Excellent Weather

What's the weather outlook for graduation?

If it's possible to judge from previous years, things look fairly good for the grads.

According to Dr. A. W. Swensen, long-time commencement procession marshal, on most previous days excellent weather has been the rule.

"Some days have been rather muggy and sticky, but certainly for the past 15 years we have had good weather," said Dr. Swensen.

Apparently seniors need to have little worry about getting caps and gowns damp.

DO WASHES 'LIKE MOTHER WOULD'

# Clara And Margaret Clean Up Wartburg Each Week

By Jean Moos
TRUMPET Feature Writer

How would you like to iron 70 shirts each week? Mrs. Margaret McCumber and her mother-in-law, Mrs. Clara McCumber, do just that in their home at 615 Fourth Avenue NW.

"We do the wash for about twenty Wartburg fellows each week," said Margaret. "One week we had over 35 washes. Today I washed 35 dark shirts and 12 white ones."

Clara started taking in washing in 1946.

"I didn't have very many then," she recalled. "Shortly after her marriage to my son Clarence, Margaret took over."

Margaret now does the washing and most of the ironing, but Clara also does some ironing and the bookwork.

**'Plain Old Maytag'**

"I have a plain old Maytag, a dryer and a mangle," said Margaret.

They prefer to iron by hand because they want to do the best possible job for their customers. It takes Margaret about twenty minutes to iron a white shirt.

During the interview, a Knight came in to get his clean clothes, and Clara quipped, "Caught us napping once, didn't you?"

**Act As Mothers**

The women try to do the boys' washes as their own mothers would.

"I get kind of nervous if I can't get the washes out on time," commented Margaret.

Clara is planning on retiring at the end of this school year.

"I am 65 and I want to make some quilts and rugs before my eyes give out. I just don't have time now," Clara continued. "I don't think I'll be helping out next year."

Margaret says that she enjoys her washing and ironing.

"Clarence has been wanting me to give it up, but when the boys come, I hate to say 'no'," concluded Margaret.

Weekly the pair give a "mother's touch" to between twenty and thirty-five Wartburg washes. Nearly sixty Knights are listed on the McCumber slate of laundry marks.

By now the name Wartburg College means something to you . . . there are more exams . . . Outflies . . . Artist Series programs . . . you're not exactly aware of it . . . but you can gradually feel "the college of our brightest days" being impressed onto your heart.

It's difficult to say "good-by" . . . it too will be the last time . . . you receive your diploma . . . hesitatingly you grasp it . . . thoughts of the things that have happened the last four years blot out the wonderful feeling of having attained a diploma.

You leave the campus . . . it's the last time . . . oh, sure, you'll be back to pay your respects . . . you just have to come back . . . a piece of you lies imbedded here at Wartburg College.

## Footnotes To Faith:

# Seek Power In Scriptures

By Gordon Hanson

"For I am not ashamed of the gospel, it is the power of God for salvation to everyone who has faith."

How many times have we read these familiar words and heard them, but passed gently over them with little or no self-examination?

Luther said, "And we . . . ourselves . . . who boast of the gospel and know it to be God's word, and recognize it for such, yet hold it in no more esteem and respect than we do Virgil or Terence."

Maybe you, as I, have sought the power of God in places other than His Word.

**The sick seek their power in the hospital; the unintelligent, in the classroom; the poor, in the dollar; and the neurotic, on the couch in the psychiatrist's office. Do we "who boast of the gospel" try to find a source of power apart from God's Word?**

As Christians we ought to take heed to ourselves and His Word with more than a superficial glance.

What is the power which we find in God's Word? Is it the power of God that converts the unbeliever, that heals the sick, comforts the weary, makes the wise simple, the rich poor and is all things to all men? We today ought to be much less afraid of atomic bombs, communism and the like than we are of the ingratitude towards the word of God.

Hanson

Luther said, "We must make a great difference between God's Word and the word of man. A man's word is a little sound that flies into the air, and soon vanishes; but the Word of God is greater than heaven and earth, yes, greater than death and hell, for it forms part of the power of God, and endures everlastingly."

**Let us de-emphasize utterly the "sound of little man" that stands no test and "search the scriptures, because you think that in them you have eternal life, and it is they that bear witness of me."**

Might you and I be guilty of resisting the "power of God" in our lives and causing this judgment to be passed on our nation and our fellow men?

Maybe you noticed the absence of the usual bright, beaming face on this column's head. Along with Editor-in-Chief Gonnerman and the rest of this year's staff, Mr. Haver is stepping down to watch next year's staff go to work.

NATIONAL NOTIONS
By Don Oberdorfer

# Can Sweden Justify Neutrality Policy?

Is neutrality the answer to world peace? Is Sweden's policy of neutrality an act of cowardice or of "yellow neutrality"?

As one of Scandinavia's more powerful members, Sweden maintains an attitude of neutrality that has often brought criticism from other political blocs.

**The main field of strategic importance in the Scandinavian area would tend to fall on the Norwegian coast. Should a tense world situation arise forcing the United States to place bases in Sweden, no reason for not expecting Russia to fortify Finland would exist.**

Sweden, a land rich in iron ore, lumber and water power, is able to enjoy comparative economical stability now. As a neutral country during World War II, Sweden traded iron ore with Germany in return for much needed coal which England and France could not offer.

In a situation of this sort many Finnish people would leave Finland and seek refuge in Sweden. This would probably cause the Swedish government to call for mobilization of its armed forces, thus causing tension to mount.

Oberdorfer

This attitude of neutrality during World War II brought about a sort of military training in Sweden. Out of the seven million people who make up Sweden, one million men could be mobilized in case of war.

**This is due to the military training to which all men are subjected. They are put through an extensive 10-month training period after which they become members of the active reserve.**

Even though Sweden has an active army, the strategic importance of this country, if another world war should occur, would not be too great. However, the iron mines in northern Sweden would prove to be a great asset to Russia.

Are we justified in condemning Sweden's neutrality? We, as free people, must recognize the independent choice of another nation, even though it does not coincide with the views of the United States.

# Knights Host Loop Cinder Squads Today

## Marks In High Jump, Mile Events Could Topple Before More Than 125 Competing Tracksters

By Oete Kopitzke
TRUMPET Sports Writer

Wartburg is playing host to over one hundred twenty-five Iowa Conference tracksters from nine member schools who are participating in the annual IIAC track and field meet this afternoon.

Duhuque University, title-holder since 1951, is again favored to capture the conference track crown. The Spartans will enter a well-balanced squad with excellent strength in field events and middle distances.

**Loop Marks In Danger**

N. Bose

With good weather, two league marks are in danger of toppling. Bob Adix, Wartburg high jumper, has already leaped 6 feet 1¼ inches and could possibly equal or tie the conference mark of 6 feet 1¾ inches set in 1953 by Bob Mews of Luther.

George French, Duhuque miler, could be another record breaker. He has consistently run under 4:30 this season and could beat the present mark of 4:20.4.

Events began yesterday with the finals in the javelin throw, broad jump and shot put. Preliminaries in the 880, 440, hurdles and sprint were also held.

**Finals Now In Progress**

Finals in the remaining field events are now in progress. Finals in the running events are scheduled to begin at 2 p.m.

Seniors Helmuth Gilow, Jim Unmacht, Bob Adix, Chuck Bose, John Deines, Willie Moerer, Joe Toyosi and Erv Buhs will wind up their college track careers today.

## G-Men Champions; IM Play-Offs Thurs.

One thing is certain—the intramural champ this year will be from Grossmann Hall.

It'll be Grossmann III against second floor Grossmann for the crown this Thursday.

Play-off action Thursday saw the North Hall Ambassadors fall before second floor, 20-6. With John Goebel pitching three-hit ball, the North Hall legates were never seriously threatened in the contest.

Other play-off action saw third floor down Vollmer House, 7-3.

## Ia. Wesleyan Divides Pair

By Stan Voget
TRUMPET Sports Writer

Wartburg's bid for second place in the Iowa Conference baseball standings and a four-game winning streak were thwarted Thursday by Iowa Wesleyan as the Knights dropped the first game of a double-header, 6-4.

Wartburg came back in its league final to take the second game, 5-3, and finish conference play with an 8-4 record. Upper Iowa (9-4) holds the runner-up position on a percentage basis, while fourth-place Iowa Wesleyan edges in behind the Knights with seven victories and five defeats.

Bob Holm halted Buena Vista Tuesday night on a one-hitter, his second of the season, 9-2. Previously the conference champion Beavers had possessed an unblemished league mark and a string of 14 straight wins overall.

**Two Outs From No Hitter**

Holm had a no-hit shut-out with one out in the ninth inning, when the Beavers' George Cole homered in a walked teammate to ruin a perfect game for the Wartburg southpaw. Holm struck out 14.

Wartburg's wins over Luther and Iowa Wesleyan were also credited to the hard-working Holm, (5-2). Last Saturday the Knights beat Luther, 7-5, as the Norsemen witnessed Wartburg's ability to evade a double setback from one team.

**Split With Four**

The Knights have split with Luther, Upper Iowa, Buena Vista and Iowa Wesleyan.

Three tough non-conference games are scheduled for the final week of the season. Iowa State Teachers College comes to Waverly Monday, and Wartburg plays a return game at Cedar Falls Wednesday. Next Saturday the Knights will meet State College of La Crosse, Wis., in a home game.

# Gonnerman Would 'Do It Again'

By Cy Walnscott
News Editor, TRUMPET

"Putting out a weekly paper like the TRUMPET is a tremendous experience. Hard and heartbreaking—but rewarding too."

That was how Fred Gonnerman, graduating editor-in-chief, summed up his tenure at the helm of Wartburg's weekly tabloid.

Interrupted while washing the ink of the regular Saturday morning press run from his hands, Gonnerman grabbed for a towel and headed back to room 302 Grossmann Hall, reflecting upon his editorial career.

**'Like To Do It Again'**

"In spite of everything," said the sandy-haired Illini, "I'd still like to do it again. There are many thrills I'd like to relive and many things I'd like to do differently."

Always on the go, Gonnerman, who will be the first Wartburg graduate with an English-Speech-Journalism major, listed some high points in his editorial career as he changed into his golf togs.

"Earning All-American Associated Collegiate Press rating for the first semester TRUMPET would certainly come first on any list of big moments," he said.

**Began With 8 Pages**

"And, of course, seeing those eight-pagers roll off the big press at the Independent-Democrat printing plant at the first of the year is something I'll never forget. That was one bright dream that eventually faded because of lack of national advertising—but at least there's satisfaction in knowing that an eight-page TRUMPET is possible — for a while.

"A third reward," Gonnerman recalled, "is the continuing help of a well qualified, competent staff. They deserve a lot of credit."

A pre-the from Dixon, Ill., the crew cut, slender TRUMPET whipper and the following year was made managing editor.

**Fifth To Get Top Honors**

Gonnerman is the fifth editor to guide the TRUMPET to All-American honors and the first to run the weekly on an eight-page basis for an extended period.

Not confining his journalistic efforts to the TRUMPET, the bespectacled inkslinger has been a Fortress copy writer for four years, a regular contributor to Castle Tales and a member of Alpha Phi Gamma, national honorary journalistic fraternity.

Extra college endeavors include his feature writing assignments for Ore magazine.

**Active In Dramatics**

Thespian as well as journalist, Gonnerman is a veteran of the Little Theater boards and is a member of Wartburg Players and Alpha Psi Omega, national honorary dramatics fraternity.

After producing a play for his home congregation this summer, Gonnerman will go to Columbus, Ohio, to attend Capital University Theological Seminary and work part-time for the Wartburg Press.

"Eventually," Gonnerman concluded, "I would like to be able to take a small rural parish and do some free lance writing on the side."

Gonnerman swings from TRUMPET tails to golfing glory.
